Three Cigarette Faults to Avoid

First, avoid cigarettes that don't just suit your own taste. Second, avoid those that bother your throat or tongue.

Third, avoid those that make you "feel mean" after smoking all you want. If Fatimas, for instance. seem to you to be guilty on

any one of those three counts.

Millia | Seculiations of pad unitare pered.

ANY CIGARETTE

we say, avoid Fatimas.

TWO TESTS FOR

We mean what we sayfor, when it comes to the taste. Fatimas can't possibly please every body no cigarette can do that. But Patimas do please more men than any other cigarette coeting over 5c.

That's one reason why you should try them.

Another reason is because they are so SENSIBLE so free from any "after-feeling."

If you want to know exactly what a "sensible" cigarette is, just try Fatimes by these two tests. Do that little thing today you'll be glad.
